**CORRECTION OF ERRONEOUS APPLICATION NUMBER**

Sir:

This communication is written for correction of a typographic error in identifying the relevant application.

Applicants' attorney erroneously identified the instant application in their response to the restriction requirement on March 20, 2006, filed with five months of extension. The correct Application Number should have been 10/620,839. The erroneous Application number 10/620,830 was already issued as Patent No. 6,841,793 on 01-11-2005 to an unrelated party. The mistake was an accidental and unintentional typographic error, and it was made without intent to deceive or commit fraud on the Office. Applicants appreciate that Examiner Dr. Habte timely and proactively informed them of this mistake through telephone conversations on April 05, 06, and 07 2006. Applicants respectfully request that the Commissioner enter this correction into the application as timely submitted. Applicants re-affirm their claim of small-entity status. The Commissioner is hereby authorized to charge any fees or credit overpayments related to this application to Deposit Account No. 502980, maintained by the SUN Law office PLLC.

Respectfully submitted,
